

# How to Vote

Four short videos play on the big screen. You pick your favorite from your phone — the most-voted clip wins and moves on.

Scan with your phone camera  
or open [lvote.us](https://lvote.us)

- 1 Scan the code (or go to [lvote.us](https://lvote.us))**  
Use your phone's camera — no app to install.
- 2 Type the session code**  
The host will give it to you (for example: **friday**).
- 3 Watch the four clips**  
They play together on the big screen as A, B, C and D.
- 4 Tap A, B, C or D to vote**  

- 5 The winner advances**  
The most-voted clip wins the round. 16 → 4 → champion!

**No app. No login.** It works right in your phone's web browser — one vote per phone, per matchup, while voting is open.
